

**PILOTAGE DE LA SEINE**  
ROUEN • CAEN • DIEPPE

## LEADING YOU THROUGH THE SEINE GATEWAY

### PRIOR TO ARRIVAL, CAPTAIN SHALL

- 1** Ensure that the ETA, full manoeuvring speed and deepest draft is sent to **Rouen Port** by agent at least **48 HOURS BEFORE ARRIVAL**.
- 2** Establish VHF contact with **Rouen Port Control on VHF C73** as soon as possible and not less than three **(3) hours before ETA**.
- 3** Changes in ETA of more than one (1) hour should be reported immediately, and the final ETA must be confirmed three (3) hours before arrival.
- 4** Rig **ladder** in accordance with International Regulations, **on side advised by Pilot Station**.
- 5** Ensure that all pilot ladder equipment is kept in first class condition.
- 6** Ensure that the ladder and manropes are securely made fast. Serious accidents have occurred because of inattention to these matters.
- 7** Make a good lee for the pilot launch with the wind and sea well abaft the beam on the weather side, and a speed of about nine (9) knots.
